

Global IP Europe Patentanwaltskanzlei GbR

Dr. Andrew Hards

Pfarrstr. 14, 80539 München

Patent Attorney Freelancer - Kollegenarbeit (Chemistry)

Our international patent firm located in Munich is looking for a qualified freelancer.

What we are offering:

- Developing your professional experience in the patent field with an outlook to a long-term cooperation with the firm
- Opportunities for absorbing multinational patent practices
- Various tasks, such as drafting patent applications, preparing replies to office actions and opposition proceedings

What we are looking for:

- German native speaker
- A qualified DE or European patent attorney
- Strong English language skills are essential
- A university degree in chemistry, preferably organic, physical or food chemistry
- Conscientious, thorough and reliable working attitude
- Diligence and motivation

Please forward your application with CV and reports to:
